HAZING AND OTHER INFRAC-TIONS OF RULES CHARGED AGAINST STUDENTS

WACO, Nov. 16.—(P)— President Pat Neff of Baylor University announced at chapel today that he had suspended seven students for hazing and other infractions of the college regulations. President Neff prefaced

his announcement by offering to resign from the presidency "effective at the end of this chapel program" but Waco trustees of the college who were with him on the platform quickly declined to accept the offer.

The president declared a "new ' day" for the university and asserted that hazing, drinking and disorder during chapel must be eliminated and declared:

"I have hand picked 30 students who are disrupting elements and the remainder of them, besides these seven who are suspended, are just barely hanging
